LAFAYETTE — ORINDA, CALIFORNIA — FRIDAY, AUGUST 25, 1950

TEN CENTS

Sparks Fly Again At Sanitary Board Over Pay Increase

By POLITICUS

Sparks are flying again within the Board of the Central Contra Costa Sanitary District.

As the SUN went to press last night, the five-man board was meeting in Walnut Creek—and a red hot issue was scheduled on the agenda.

The issue: Whether or not to increase the annual salary of Manager-Engineer John Mason. He is now receiving \$9,000 per year. The deal is to increase this to \$10,800.

FOR AND AGAINST

The economy bloc of Elliott Johnson and H. M. Smitten are dead set against the raise.

Hal Toland and Waddie Wadsworth appear to be in favor of it. This leaves the deciding vote to Neill Cornwall—and he is on the spot. Cornwall has taken out a petition to run for reelection to the board. Thus, there will be four candidates for the two posts. And this issue will definitely influence the election.

By the time you read this, the question may be already decided. But the ramifications are interesting.

AN OLD STORY

If you've followed sanitary district news, you know that this is an old story. About 22 months ago the board split wide open—over the firing of District Engineer Kennedy and the hiring of Mason to replace him.

This breach has never healed and since then board members have been in a state of truce.

This was broken within the last week or so, when a "closed meeting" was scheduled for discussion of the proposed pay raise for Mason.

The session was never held. Our informants reveal that Johnson and Smitten would not discuss this behind closed doors. They insist it is a public matter.

Membership Drive May Aid in Raising Community Center Sewer Tax Funds

Problem of raising between \$400 and \$450 needed for sewer taxes and assessment for Orinda Community Center is a bugaboo that, with proper organization and oomph, can be dispelled, members of the Orinda Association's Civic Affairs Committee feel.

At Monday night's meeting of the committee at Orinda Grammar School Chairman Bob Clough reported that sewer taxes and assessments will be due shortly, and that \$400 to \$450 would probably be the amount "short" on necessary payment unless effective steps are taken. He explained that he mentioned the matter at request of President Marvin Bonds of the association, who was unable to be present at the committee session.

MEMBERSHIP DRIVE

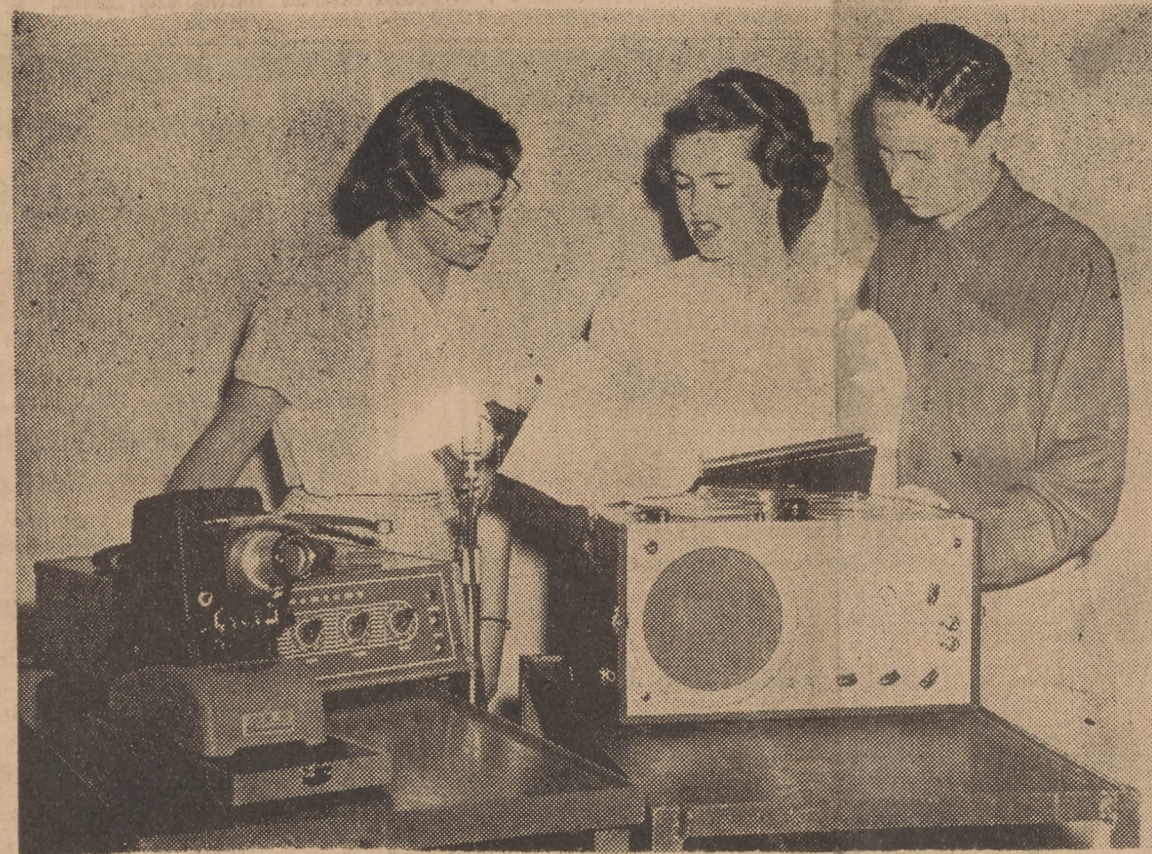

After considerable discussion of various ideas on how to raise the needed money, it was agreed that an all-out membership drive by the association and a revision of the association's dues structure would be the most effective way of assuring the needed funds. On motion of Harold Rote, it was decided to recommend to the association directors that:

1.—Beginning with the next calendar year, the by-laws be revised so that dues be \$1 per family per year instead of \$1 per adult per year, as at present.

2.—Dues for new members now joining the organization be \$1 per family for the balance of this year.

IMPORTANT ROLE

"The best solution is 100 per cent membership in the Orinda Association," declared Zach Montgomery. "If dues are paid up, you're set for such expenses as the sewer taxes and assessment. The people here should be informed that since this is a nonincorporated area, the association has a very important role. Although it isn't an official governing body, it is the sparkplug for many necessary and constructive community projects. It is to the advantage of everyone and to the community as a whole to

AUDIO-VISUAL STUDENT SECRETARY Ann Yeager (center) of Acalanes High School gives assignments to operators Betsy Lyser (left) and Art Dull (right). Students manage the equipment for the school's audio-visual department under the direction of Betsy Pembroke, instructor.

Audio-Visual Equipment Is Big Help to Both Students, Teachers at Acalanes

Several decades ago teachers in schools throughout the country worked away at the job of instructing youngsters of their communities without the assistance of a valuable important development in education—the use of visual and audio aids.

Today in the modern American high school the teacher's task is greatly abetted by the use of educational films and recordings. World War II gave special impetus to the development of audio-visual aids which were used extensively by the

armed forces for training purposes.

KEEPS TEACHERS SUPPLIED

Miss Betsy Pembroke, director of audio-visual materials at Acalanes Union High School, supplies her fellow teachers with films, projectors, phonograph and recording apparatus that help the instructors put over their materials.

When Acalanes was founded 10 years ago the school had no audio-visual equipment at all. The county office of education provided a projector and film about once every two weeks on a frequently disrupted schedule. Twenty films were used that first year.

Today the school owns several projectors and phonograph and recording equipment of its own. In cooperation with the county department of audio-visual aids, headed by Robert J. Meade, the high school next year will handle over 700 requests for audio-visual materials to supplement instruction.

Last year at Acalanes 290 films were shown to 1686 class sections or about 42,900 pupil showings. Of the 700 requests for audio-visual aids for next year approximately one-third of the films will be supplied by the county and the remainder from rentals from the University of California and the school's own collection.

Under the direction of Miss Pembroke, students are trained to handle the equipment of the department. The audio-visual department at Acalanes represents one of the many educational developments that help provide American youth with the best education possible.

Railroad Film Shown to Rotary

Passenger Agent Boy, official for the Southern Pacific Company in the East Bay, provided an outstanding pictorial program as well as an interesting talk on the subject, "This Is Our Railroad," at this week's Orinda Rotary meeting.

The movie, shown in color and sound, presented visual description of the railroad line and its work. Vic Richt was chairman for the program arrangements.

It's Cold Facts On Hot Days

Cold facts on our hot days, that's what Orinda's weatherman gave us this week when contacted. Hottest day from the 16th through the 22nd was the 19th with a high spot of 107 degrees. What a big spot it was, too. Seems like it lasted all day.

The minimum of 51 degrees recorded on the 22nd evidently met with the approval of Orindans. No complaints have yet been registered.

Car Hits Truck At Crossroads

Collision of an auto and a truck at the Crossroads Tuesday morning resulted in damage to the front end of the passenger car, no damage to the truck and no injuries.

Both vehicles were traveling east on Mt. Diablo Boulevard about 8 a. m. when the front end of the car driven by Charles Henry, 23, of Oakland, hit the rear end of a truck driven by Leily Christopher, Jr., 20, Oakland. No arrests were made, according to the California Highway Patrol.

Ronald Arighi Dies After Fall

Private funeral services were held Wednesday at the Edward Niehaus Mortuary in Berkeley for 11-year-old Ronald Arighi of 1 Orchard Road, who died Monday.

Ronald, son of Mr. and Mrs. A. Melvin Arighi, had gone to a neighbor's home Sunday afternoon to water the garden there while the neighbor was on vacation. He and a young friend climbed to the roof of the one-story house, and Ronald fell off. He returned home with his left arm lacerated, reporting he had fallen on a grape stake fence. Following surgical treatment to his arm at an Oakland hospital, the boy died. The arm injury was not considered serious, and it was at first believed he may have died as a result of food accidentally lodged in his lung.

However, results of an autopsy ordered by the Alameda County coroner's office were reported as "inconclusive" as to the exact cause of the boy's death, and further laboratory analyses and tests were ordered.

Ronald is survived by his parents and his seven-year-old sister, Sue.

Moraga Del Rey Fire Area Plea Hearing Sept. 18

Public hearing on petition of residents of the Moraga Del Rey and Lost Valley areas to withdraw from the Eastern Contra Costa County Fire Protection District was set by the Board of Supervisors Monday for September 18 at 11 a. m.

According to Supervisor Jack Cummings, the residents of these areas wish to become part of the Orinda Fire District.

The board ordered that three notices of the hearing be posted in the Eastern Contra Costa Fire District, one in the portion proposed to be withdrawn, and that Frank Hollender of Pittsburg, secretary of the district, be notified.

City Setup for Orinda? Topic Bounces Into Lap of Orinda Association Board

That perennially hovering question, Orinda incorporation, has again reared its head and is due for further batting-about next week.

At last Monday night's meeting of the Orinda Association's Civic Affairs Committee at Orinda Grammar School the subject was informally but keenly discussed. Upshot of the discussion was unanimous recommendation, on motion of Zach Montgomery, that:

"While the Civic Affairs Committee neither approves nor disapproves incorporation, we would like to have the Orinda Association directors study the matter further."

"We've talked about incorporation from time to time," Bob Clough

committee chairman, observed. "It might be a good idea to have someone from the University of California come out and look at the present tax structure and make a factual report on all the factors involved in incorporation."

"A lot of people come out here to get away from the city," Montgomery pointed out, "but there are advantages to incorporation which should be taken into consideration."

LOCAL AGENCIES

Harold Rote raised the question of setting up a local police force and other local agencies in an incorporated area, and this point, along with the other details involved, was propelled in the direction of the Board of Directors, which meets next Monday night at the school.

It was recalled that a questionnaire sent out several months ago to local residents resulted in an overwhelming "No" on whether or not the people were interested in incorporation. However, committee members pointed out that new residents are constantly moving into the area, and that a competent and impartial survey, with all facts studied, would acquaint the public with all the issues involved.

Two Endangered By Earth Cave-In

In a cave-in which seriously endangered the life of another worker, William Stockton, 31, of Lafayette, was partially buried in a 10-foot cut for sewer pipe installation along Moraga Highway near Valley View Drive in Orinda Tuesday.

After fellow-workers uncovered his head, Stockton was able to free himself.

William George, 44, of Richmond, a Negro, was buried under a half-ton of loose earth, but quick action by others on the job, who first scooped dirt away so he could breathe easily, saved him. George was taken to Permanente Hospital with a broken back.

County Budget Is Adopted by Board

With only nine persons present as spectators and no objections expressed, the Board of Supervisors held its public hearing on the proposed county budget last Friday and adopted the \$17,307,601 figure which had been tentatively set for 1950-51.

Fire Bond Facts To Be Told Thursday, Civic Affairs Group Endorses Program

Amount of the proposed fire district bond issue for necessary expansion of facilities, and date of the bond issue election will be announced at a special meeting at the Orinda Fire House next Thursday night, it was stated this week by Fire Commissioner Gilbert Earle, speaking for the Orinda Fire District board.

Scheduling of this meeting came as the Orinda Association's Civic Affairs Committee wholeheartedly endorsed the proposed bond issue.

Being invited by the commissioners to next Thursday's meeting, which will start at 7:30 p. m., are representatives of civic and community organizations, including the Orinda Association, the Orinda Chamber of Commerce and the various neighborhood improvement associations. Purpose of the gathering is to acquaint the public with what's at stake in the bond issue election and why the district needs the bond issue.

The bond issue will be for construction of a new fire house at Moraga Highway and Orchard Road, purchase of equipment for this new fire house and acquisition of a Sleepy Hollow site for a third fire house, all of which steps have been recommended by the Board of Fire Underwriters as certain to have a direct bearing on reduction of insurance rates.

FIRST ENDORSEMENT

First organizational endorsement of the fire district bond issue came from the Civic Affairs Committee Monday night, when the committee met at Orinda Grammar School. After explaining the importance of the matter and asking a few questions of Fire Chief H. E. Wyatt, who was present, Zach Montgomery moved that "the Civic Affairs Committee be the first to endorse the bond issue," and that it pass its recommendation for similar action "along to the directors."

Civilian Defense Meeting Monday

To work out an adequate civilian defense program for the Orinda area, the Orinda Association's Board of Directors and Civic Affairs Committee will jointly meet with Deputy Sheriff George K. Burton, sheriff's communications division chief, at Orinda Grammar School Monday night.

"Burton wants to explain what is being done in the county, particularly in the unincorporated areas on civilian defense preparations and to arrange for any local program to fit in with the setup of the Contra Costa County Disaster Council," Marvin Bonds, president of the Orinda Association, explained in announcing the session.

Monday night's meeting will start at 7:45 p. m. It is a regular meeting night for the association board, but because of the importance of the subject all members of the Civic Affairs Committee are asked to be present for the conference with Burton.

Civilian defense has been discussed in recent weeks by the Civic Affairs Committee, and at last Monday night's meeting of the committee the subject was on the agenda, even before Burton got in touch with Bonds prior to the meeting. Last month the Civic Affairs Committee recommended that proper steps be taken for civilian defense organization.

Contested Election For Sewer Board

With filing period still open through next Tuesday, one incumbent member of the Central Contra Costa Sanitary District board had filed for reelection this week and another stated he would definitely be "in the running."

Director Elliott Johnson, Lafayette, has filed, and Director Neill Cornwall, Lafayette, stated he would be a candidate. Terms of both are due to expire, and election for the two posts is set for September 18.

Also having filed their candidacies are Allison Miller, Lafayette Rotary Club president, and John O. Matthias of Walnut Creek.

Final deliberation of plans for the second fire house were expected to take place at last night's regular monthly meeting of the fire board. At a special meeting last week, the drawings of Architect Jack Buchter were studied and discussed, and various suggestions presented. Buchter was expected to bring in revised drawings last night.

SLEEPY HOLLOW SITE

Also expected to be discussed last night were suggestions from Sleepy Hollow area residents as to a site for a third fire house.

At last week's special session, the commissioners authorized Chief Wyatt to proceed with negotiations for purchase of auxiliary controls for the Crossroads traffic signals.

WOULD HOLD LIGHTS

These auxiliary controls, to be operated from the present fire house in the Village, on Avenida De Orinda, would hold Crossroads traffic lights so that the north-south lights would remain green and the east-west lights would remain red, enabling fire equipment to speed unhampered across Mt. Diablo Boulevard from the Village side to the Moraga side.

Permission to install these controls was recently granted by the State Division of Highways.

Orinda Pk. Pool Swim Races Held

In a program of hotly contested races, Orinda Park Pool swimmers took part in the intramural swimming contest held at the pool recently. A series of events for children in various age brackets and relay races in which adult swimmers participated were included in the fast-moving series.

Blue ribbon winners for the day were as follows:

Freestyle, 6-7 years, Carol March; 8-9 years, Sheri Elder and Paul King; 10-11 years, Georgiana Watkins and Butch Fitzpatrick; 12-13 years, Sue Small and John Spiegel; 14-15 years, Sue Small and Jim Watkins; 16 years and up, Pat Small and Bob Lyman.

BACK STROKE

Winners in the back stroke were: 8-9 years, Sheri Elder and Paul King; 10-11, Georgiana Watkins and Val Geisler; 12-13 years, Barbara Stark and John Spiegel; 14-15 years, Barbara Stark and Jim Watkins; 16 years and up, Julia Dunn and Don March.

Breast stroke winners in the participating age brackets were: 10-11 Georgiana Watkins and Butch Fitzpatrick; 12-13, Barbara Stark and Jim Watkins; 14-15, Barbara Stark and Jim Watkins.

In the adult-child (below 10) relay, winners were Val Geisler and Andy Catharall, Don La Barth and Volney La Barth were victors in the relay for parents-children (11 years and up). In the medley relay, winners were Jim Watkins, Carl Drewe and Don La Barth. Blue ribbons for the 50-yard freestyle were awarded Sue Small and John Spiegel.

TALENT SHOW

Tonight, members of the pool are to participate in a talent show, with Fred Udall acting as master of ceremonies. A community supper is scheduled to precede the show at 7 p.m.

A square dance for members and guests has been planned for tonight, according to Laura Cooper, publicity chairman. A potluck supper will be served at 9 p.m., with Frank Olsen in the role of caller. Mrs. Clarence Betz is in charge of reservations.

Acalanes Teacher Attends Course at Polytech College

Beatrice Bettencourt of Acalanes High school is among 125 women physical education instructors in California elementary and high schools and colleges attending the first session of the California Workshop for secondary school women, now underway on the campus of California State Polytechnic college at San Luis Obispo.

She will receive two weeks' instruction from prominent physical education and athletic authorities, such as Dr. Ruth Abernathy, associate professor of physical education at UCLA, and Leonard M. Scroggins, American Red Cross field representative for first aid, water safety and accident prevention.

The two-week program is sponsored by the California Association for Health, Physical Education and Recreation.

DON'T BE A DRIFTER

When you stop your car at a pedestrian crosswalk, remain stopped—don't drift, urges the California State Automobile Association.

Jack Pedder Hails GOP Leadership By Head of Union

Election of a union leader as a Republican county chairman in an important California county was pointed out today as an eye-opener for members of labor unions by Chairman Jack Pedder of the Contra Costa County Republican Central Committee.

Pedder pointed out that the chairman of the Humboldt County Republican Central Committee is Vio Antonio Caracappa, president of the Bartender's Union local 314 in Eureka.

Pedder said, "Caracappa's election as county chairman climaxed a series of interesting developments, all of which showed many union members they had been misled about the Republican Party's attitude toward the labor movement."

No Brownies for 2d Grade in Fall

Second grade Brownie Scout troops will not be organized this fall in Alamo, Danville, Lafayette, Orinda, Pleasant Hill, Walnut Creek and Ygnacio Valley, according to Mrs. Robert Black, public relations chairman for Diablo Valley Area Girl Scout Council, who stated that the council now provides the Girl Scouting program for 85 per cent of the girls attending area elementary schools.

Mrs. Black said, "The decision of the directors which cancelled all plans regarding second graders may be permanent. Other grades will not be affected. It is a case of combining quality and quantity and we have been forced to take this step in order to maintain troop standards. Our efforts will be concentrated in providing the best possible youth program for every girl who becomes a Scout."

"The council hopes that the change is temporary and sympathizes with those youngsters who must wait another year before becoming Scouts."

CHECK STOP LIGHT

A recent check showed more than 20 per cent of the stop lights on cars in use were not operating, states the National Automobile Club.

Do You Have a Papoose Carrier Handy?

If you have a tame bear or a cub you can loan for a day, just let the Contra Costa County Centennial Committee of the Native Sons and Daughters know. And do it now.

And if you haven't the bear maybe you have a papoose carrier or a pair of home bells for a mule train.

WANTED SOON

These and many other authentic articles are wanted as soon as obtainable by the centennial committee so it may prepare Contra Costa County's contribution to the Centennial Cavalcade to be held in San Francisco on September 9.

Ernest Arata of Antioch, committee chairman, urged any possessor of a long list of articles that are desired communicate at once with the centennial committee office, 838 Escobar Street, Martinez, either by mail or phone 2-600.

Frank Soria, retained as director of the 30-unit cavalcade feature to be provided by Contra Costa's eight parlor of Native Sons and Daughters, lists desired articles as follows:

Any portions of old fashioned costumes, dating from 1850; any portion of old fashioned harness, saddles, riding equipment; oxen yoke and oxen, too; papoose carrier; California Indian costume; prospector's equipment; old time firearms and knives; accoutrement of prairie schooner and stage coach; dicer, beaver hats; canes; parasols; watch chains; bags; shoes; belts; spring wagon; surrey; buckboard; cart, rubber tired buggy; hotel bus; stage coach; phaeton; prospector's pack equipment; buyro; carpet bags; old time trunks and portmanteau.

JC to Cooperate With US Agencies

After consultation with the Selective Service in Martinez, Leland L. Medsker, director of Contra Costa Junior College's East Campus, declared this week that the college will work with the various governmental agencies and military services in helping students plan wisely for the future.

"The problem of how best to plan for the future in terms of today's international situation is uppermost in the minds of most young men and women interested in enrolling in the Contra Costa Junior College this coming September," Medsker stated.

"Since college students are to be deferred for the college year in which they are enrolled, providing their grades are above average, it will be the aim of this college to serve such students in the best possible manner during this period," the director promised.

Color Film Will Record Art Show

Reports from Guernsey Ford, president of the Diablo Art Association, are that a technicolor short documenting the activities of the 1950 Walnut Festival Art Show will be produced as a joint enterprise between the College of Arts and Crafts and the Outdoor Art Shows, Inc.

It will be filmed by Louis Miljarak, head of the film department at Arts and Crafts. Ford will act as technicolor director and prepare the script.

announcement

Walt Friberg is pleased to announce the opening of his new office in Orinda Village . . . the Country Club Realty. We are prepared to serve your realty needs together with a general line of insurance.

George A Richards is associated with the firm and is prepared to handle loans, mortgages and investments.

We invite our friends to visit us in our new home.

Greyhound Adds Extra Morning Section Here

Greyhound commuter service to San Francisco has been improved by addition of an extra section on the last commuter run in the morning, Lafayette 7:36 a.m. and Orinda 7:44 a.m., carrying passengers who were unable to board the first section, it is pointed out by John E. McKirahan of Lafayette, secretary of the Contra Costa County Commuters Association.

This new service started August 11.

For several weeks previously, passengers at Happy Valley and Orinda were told there was not even standing room for them, and were forced either to hitch-hike or wait almost three-quarters of an hour for the next San Francisco bus.

Numerous complaints were made, to the Public Utilities Commission as well as to Greyhound, and the new bus was put in service.

McKirahan urged commuters to take advantage of the extra facility to avoid its discontinuance.

As yet, he said, no word has been received of a decision on the application for increased fares since the hearing terminated June 29. Apparently it will not be soon, he added, as the Southern Pacific fare increase has also been pending since the latter part of March.

Contra Costa Fair Exhibit Is Good — Says Mitchell

Elwood Mitchell, chairman of the state fair committee of the Contra Costa County Development Association has expressed satisfaction with the county exhibit at the state fair at Sacramento.

"Contra Costa has an exhibit of which it may be proud," Mitchell said. "It is attractive, well balanced and of outstanding workmanship. It is certain to command attention."

Mitchell and other committee members conferred with William Dabelstein, booth designer, and checked over exhibits now in storage refrigeration.

In an effort to complete pear exhibits, Mitchell has addressed a plea to county growers to supply five varieties, Easter, Forelle, Howell, Seckel and Comet. Growers able to furnish these varieties are asked to immediately contact the Martinez office of the Development Association, Martinez 120.

The fair opens on August 31 and continues through September 10. Mrs. Booth, who has had direction of the county's exhibit for the past three years, will go to Sacramento August 28 to remain there until the fair's end.

Builders Prepare On-Job Displays

More than 450 home builders throughout Northern California are preparing on-the-job displays of the latest construction materials and methods as their part in the nationwide observance of National Home Week to be held from September 10-17.

The builders, all members of the Home Builders Council of California, are sponsors of the event in the North State area through their affiliation with the National Association of Home Builders, originators of the week-long event. Also joining in sponsorship this year are the National Association of Real Estate Boards and the National Retail Lumber Dealers Association.

Do you realize how much it costs when you go through the Tunnel to shop? Figure it out sometime.

Canyon Callings . . .

By RUTH SEEDS

Mr. and Mrs. Joe Collinske, Mr. and Mrs. Chet Sorenson and Mrs. Mechum recently drove up the Redwood Highway, going as far as Grants Pass. They were gone a week.

Mrs. Mildred Pine has gone to Ukiah to the Wayne DeTar home to await the arrival of an expected grandchild.

Bud Pine, who is a member of the Naval Reserve, flew to San Diego for training.

Mrs. Borden, who has been in the hospital undergoing surgery on her leg, is back home again.

Miss Ada Porter, another Canyon resident who has been hospitalized, has also returned to her home.

Birthday congratulations are in order for the following Canyonites: Shelia Jacobs, Judy Miller and Patsy Scholin. Billy Blaskovich also had a birthday recently.

Paul Foster, Canyon scoutmaster, had a narrow escape one night recently when he accidentally swallowed a chicken ban and it became lodged in his throat. He was scarcely able to breathe and was rushed to Permanente Hospital in Oakland for emergency treatment.

After numerous X-rays, the doctors decided it would be necessary to remove the obstruction by surgery. During surgery preparation, when a drug was administered to cause relaxation, the bone became dislodged.

Paul was then released to go home, considering himself quite lucky to have avoided surgery.

THREE LITTLE PIGS' brick house at Children's Fairyland is shown at left, with Victor Wetter and his wife, Edna, two of the midget guides, in front. Above is Superintendent William Penn Mott, Jr., of the Oakland Park Department, who is in charge of the whole project, which will be operated next month in Lakeside Park. HERMAN SILVERMAN Editor and Publisher
Eleanor Silverman Associate Editor
SUBSCRIPTION RATE: \$3.00 per year; \$1.75 for 6 months in advance. Sun Publishing Co., P. O. Box 806, Lafayette; P. O. Box 147, Orinda. Member of California Newspaper Publishers Association and National Editorial Association. Entered as second class matter June 17, 1943, at the post office at Lafayette California, under Act of March 3, 1879.

Captain Sandford Sez:

WHEN I THINK OF ATTORNEYS who have battled so strenuously recently in the defense of criminals of the lowest type I am forced to wonder what in heck it is all about.

I am reminded of a famous criminal attorney who had secured the release of a person who was charged with a very serious offense. The criminal, in thanking his attorney and seeking to congratulate him on the victory, sought to shake hands with him. The attorney, looked him squarely in the eye and said, "I would not touch you with my hand."

SOME OF THE STATEMENTS made by our Secretary of War recently do not tie in very well with the unfortunate predicament in which we now find ourselves in Korea.

And who pays the bill? The taxpayers and the nation, yes. But the greatest sacrifices are made by those who are disabled or lose their lives.

I HAVE SEEN A TERM being utilized rather freely in the public press these days, and that term is "United States communist." Surely this is a misnomer, for I do not believe that a person could be a communist as well as a good United States citizen.

The ideas and ideals of each are so divergently different that a successful combination of the two is absolutely impossible.

At this season of the year I usually begin to take out my fly fishing rod and my tapered line, flies and leaders and kinda fondle them. As soon as I have done that, the urge begins, and from then on this fishing business is something like the seven-year itch, poison oak or young moonstruck love.

In other words, something just naturally has got to be done about it.

Letters to the Editor

Aboard the S.S. Roma
 Atlantic Ocean

Dear Sir:

SUN readers will be interested in knowing that of the 900 "pilgrims" aboard the S.S. Roma, 65 are from California, two from Contra Costa County—Leslie J. Fulton of Antioch and myself.

America's great Statue of Liberty was the chief attraction as the steamer left Hoboken, New Jersey, on July 12. Army and commercial planes flying by between the United States and Europe have created much excitement and awe during the voyage. An English ship going toward the United States did likewise.

Animals which caused many to run to the ship's rails were a shark, small birds following the ship after meals, and dolphins.

Sunrise from 4 to 5 a.m. on the Atlantic Ocean is quite naturally "out of this world." Gradually black and purple clouds of night absorb the rays of the "hidden" sun. Then sharp light of red and orange hue gives way to the sun—a ball of white heat against the blue morning sky.

Just after sunrise on Wednesday, July 19, the loudspeaker, like a rooster's crow, got everyone out of bed. "The Azores are in sight." Roma's captain had gone, intentionally, 100 miles off his regular course so that the "pilgrims" could see them.

From early morn to sunset the decks were crowded with people happy over the sight of land, houses, farms, windmills and other signs of civilization.

Saturday, July 22, the "pilgrims" first stop will be at the 400-year-old Jesuit church of St. Roch and the tomb of the greatest Portuguese explorer, Vasco da Gama.

Lourdes, France

Dear Sir:

SUN readers have recently seen or read about the Archbishop Hanna Home for Boys in Sonoma County, California. This home was dedicated to the symbolic Fatima in Portugal. The 900 "pilgrims," including two Contra Costans, stopped at Fatima after visiting Lisbon.

From Fatima the "pilgrims" have journeyed to Spain through Madrid, Barcelona and Montserrat. At Madrid the tourists were taken through the monastery founded by King Phillip II and through the king's palace. Real wealth in gold and

STATE CIVIL SERVICE

State civil service examinations scheduled and the final date on which applications are to be accepted include: September 2, assistant laundry supervisor, \$231; inspector, State Board of Cleaners, \$255; medical social worker, Grade 1, \$281; state sales manager and district sales representative, Products of the Blind, \$458 and \$325, respectively; September 8, state traffic officer, \$281; junior and senior clinical psychologist, \$268 and \$395, respectively; accountant-auditor, Grade I, \$268; hunter and trapper, \$210; outdoor advertising inspector, \$255. Personnel Board offices are at 1015 L Street, Sacramento; 305 State Building, Los Angeles; 107 State Building, San Francisco.

works of art were the keynote here. Barcelona is "packed" with tales of the early Roman Colony, the Visigoths, the Arabs and the Spanish people. Contrasts of the old and the new civilizations can be seen everywhere in Barcelona. One of the oldest buildings, of Gothic architecture, is still standing and it dates back to the 12th century. A new cathedral started in 1884—is not yet complete.

The "pilgrims" relived and retold the stories of Columbus as they entered the Reception Hall in which Christopher Columbus was first received after his first voyage to America. Spain is as proud of Columbus today as she must have been in 1492.

Montserrat seems to envelop all the beauties of nature and of man's works of art in gold and stained glass windows. Holy Mountain is a center of devotion for "pilgrims" as well as a tourist resort.

Worldwide interest in the mountain is due to the strange shapes, sizes and colors which the gigantic rocks take and to the elements within the rocks. These rocks are held together by a kind of cement, which, when petrified, hardens them to such a degree that they "defy the chisel." These gigantic masses rise in tiers "like petrified waves," the topmost crests being the hardest. Constant and marvelous vegetation thrives as if by "enchantment" among the rocks.

4 Examinations For Employment Listed by County

Competitive examinations for four classes of county employment are announced by the Contra Costa County Civil Service Commission.

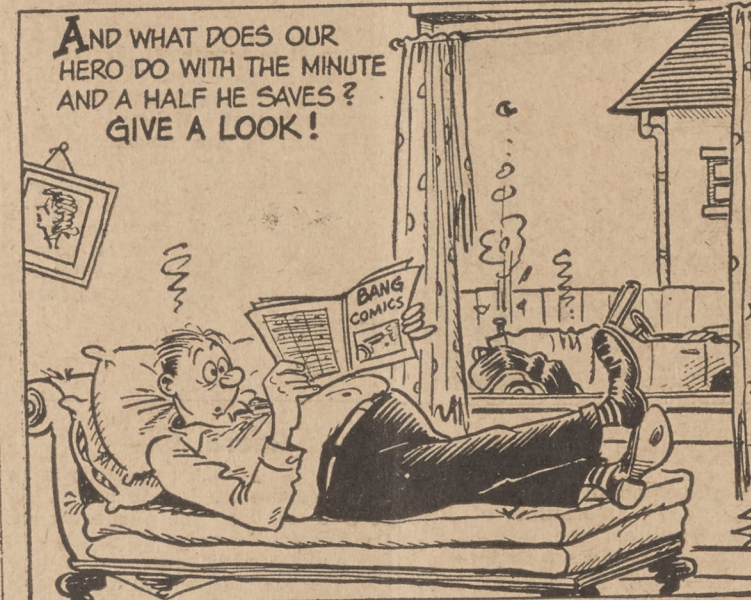

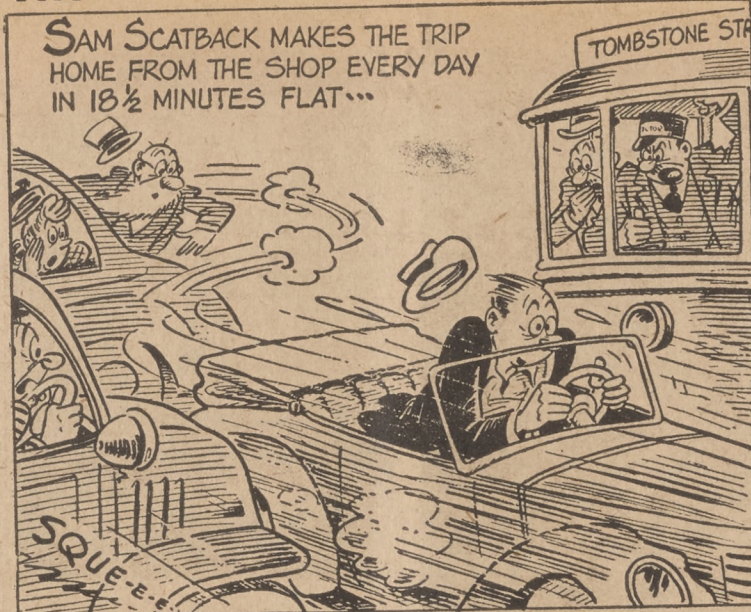

Minimum qualifications for Counsellor, Juvenile Hall, call for completion of two years of college or two years of experience in social case or group work, within the past 15 years. The position pays \$247-\$297 monthly. Applicants must have resided in the county for the past year. Last day for filing applications is September 8.

STATIONARY FIREMAN
 Stationary Fireman requires completion of the eighth grade and one year of experience firing boilers. Applicants must have resided in the county for the past year. Last day for filing applications for this position, which pays \$247-\$297, is September 8.

Applicants for County Welfare Director, a \$449-\$539 position, must have graduated from college, taken two years of graduate study in social welfare and have at least five years of experience in social case work. Last day to file applications is September 1. County residence is not required.

SUPERVISOR
 Public Assistance Supervisor, Grade II, calls for college graduation, two years of graduate study in social work, and three years of public welfare experience. Last day to file applications for this \$374-\$449 position is September 1. County residence is not required.

The Human Race

Easy to See Why Ryans Is Disgusted

There's one man, Robert Ryans freeze. "Well, how about a steak?" says Ryans. "H---, no," replies the guy, "I had to clean the d--- thing!" Ryans is plumb disgusted, and thinks deer should be kept off the highways, open season or not.

This is how it all came about: Bob Ryans was returning home at 5 o'clock Sunday morning (at this point, there was no elucidation of the "where" part of the story). Suddenly right in front of the car, a beautiful four-point buck froze. Ryans, being a hunting man, hadn't even time to scratch his itching trigger finger, or remember that he hadn't his license yet, when the bumper struck the deer.

ALONGSIDE HOUSE

In its crippled condition, it struggled off the road and up alongside a house. Ryans parked the car, and after a little debate with himself did the noble thing—knocked on the door and told the other character in this little saga that the deer was his if he would take care of it.

That was fine, thanks a lot, he'd see that the poor thing was put out of its misery in a humane fashion, and jerky and venison steak would sure help cut the butcher bill with sirloin one-eighty a pound!

CAME THE DAWN

Our hero struggles home to bed. Came the dawn and curiosity, so back to the house by the side of the road. The buck had been all cut and was ready for the deep-

Trained Vets Are Huge Force for Needs of Nation

America now has a good-sized reservoir of veterans trained under the GI Bill in skills and trades that would be essential in time of war, Veterans Administration discloses.

The survey covered only veterans actually in classrooms and at training benches. For every man then in training, VA estimated at least two others had either completed or discontinued their GI Bill courses.

At the time of the survey—the end of October, 1949—veteran-enrollees included 735,000 in colleges and universities; 808,000 in trade, industrial and other schools below the college level; 304,000 in institutional on-farm training, and 285,000 in on-the-job training. Thirteen per cent of the college students, or more than 100,000, were studying engineering. Most popular courses were general engineering, electrical (including radio and television) and mechanical—in that order.

Finishing Touches Put on State Fair, Which Opens Gala Exhibits on Thursday

With the opening of California's greatest State Fair, in Sacramento, next Thursday through September 10, rapidly approaching, workmen are busy putting finishing touches to colorful exhibits, buildings and grounds.

The State Fair this year will present the greatest array of exhibits in its long history. Thirty-five of the state's 58 counties will have displays in the huge Agriculture Building, depicting California agriculture and industry on parade.

FOREIGN NATIONS

Eight foreign nations will have exhibits in the same building, colorful displays in which are photographs of scenes of nations abroad, and some of the products manufactured in each, being featured. The displays will be augmented by the Wine Industries Show, featuring the famed Wine Magician.

Livestock barns in both Open and Junior Divisions will be filled to capacity with purebred cattle, sheep, swine and goats. The Poultry Building will house some 3,000 entries and the Rabbit Building

will hold 500 rabbits of various breeds.

HOME APPLIANCES

Products manufactured by the California dairy industry will be displayed in the Dairy Products Building. Commercial exhibits, featuring everything from farming and industrial machinery to the latest home appliances, will fill three buildings.

The Foods and Hobbies Building will present displays of processed foods, the California Cookery featuring dishes of 11 foreign nations, two model railroads and interesting hobbies.

OTHER DISPLAYS

Displays of regional organizations, government and welfare agencies, California sportsmen and civic organizations will round out an impressive exhibit array.

On the entertainment side of the picture will be concerts by 16 bands, circus acts, the Pageant of California Fashions, strolling troubadours and novelty acts, drum and bugle corps, puppet shows, a troupe of clowns, fireworks and many other attractions.

HORSE RACING

Horse racing will be held every weekday afternoon. Speedboat racing over the giant aquatic course in the race track infield will be held both Sundays during the fair.

The famed Horse Show will have more horses than ever before, while the night theatrical performances will feature "Frolics on Ice" starring Belita; the Andrews Sisters, Dick Haymes and Bob Crosby.

In all, according to Secretary-Manager Ned Green, California will have its greatest State Fair this year.

Muir and Swett To Be Depicted In S.F. Parade

John Muir, famed naturalist, and John Swett, noted educator, will be represented in character by relatives in the September 9 San Francisco Centennial parade contribution of Native Sons and Daughters, it was announced following a Matins meeting of 30 centennial committees drawn from the membership of the two orders.

John Swett, Alhambra Valley rancher, will represent his father, to whom is credited the launching of the California school system, and John Muir Hanna, also of Alhambra Valley, will be cast as the famous naturalist.

These and a multitude of other arrangements were presented by committee members to Chairman Ernest Arata of Antioch and Director Frank L. Soria, who is arranging the casting and assembling display that will tell in transportation the history of 100 years of progress in Contra Costa County.

Golf Tournament Starts Sept. 21

Good news for all local amateur golfers broke this week with announcement of plans for the Third Annual Martinez Junior Chamber Golf Tournament to be held at the new 18-hole Contra Costa Golf Club near Pacheco September 21, 22, 23 and 24.

Henry Lasiter, local sports enthusiast, and president of the Jaycees, is acting as advisor to Jack Connolly, chairman of the golf committee. Serving on the committee will be Ray Willett and Bob Dommes, in charge of tickets for the Christmas Toy Benefit and the grand prize and awards.

Seroy and Cousin Get Good Catch of Trout

Bill Seroy returned last week from a 10-day fishing trip to Northern California, with a report of a good take of trout. Accompanied by his cousin, Lewis Gardner of Beverly Hills, Bill tried his luck in the McCloud River in the Sierras and also fished in the Trinity River in the vicinity of Bear Creek Ranch.

Travelers Aid Affair Will Be At Mrs. Lyon's

Mrs. Harvey B. Lyon, at whose home, Woodland Lodge, the Alameda County Travelers Aid Society will observe its 25th anniversary September 16, has been an active participant and supporter of the organization since 1929, Thad B. McCarty, president, points out. Organized to assist people away from home, the aged and young, the mentally confused, war stranded and others in need of professional guidance, the local society aided as many as 800 persons a month as far back as 1937.

"It seems to me that the work of the Travelers Aid Society gets more important with each passing year," Mrs. Lyon told an interviewer. "During the war years the USO-Travelers Aid cooperated, and as late as 1948 there were 330,600 services by the USO-Travelers Aid units to military and friends and families of the military. There were 240,600 different persons served. In 1949 this figure grew to 413,000 services, and 277,000 persons were served.

LEGAL PROTECTION

Men called or recalled into military service from Contra Costa County are entitled to the same protection against foreclosure, repossession and court judgments which was accorded servicemen in World War II. This assurance is given by J. W. Hammond, county veterans service officer, in response to numerous questions by veterans, prospective enlistees and inductees and members of their families.

Jean St. Hill, Joan Jacobus Are Home From Trip

Returning August 14 on the S.S. Lurline from Honolulu were Joan Jacobus, daughter of the Melvin Jacobuses, and Jean St. Hill, daughter of the Thomas St. Hills. They were two of the 59 college women who left San Francisco eight weeks ago on a Howard's Tour. They took a night-flight out on a double-decker Pan-American Strata-Cruiser. Joan was able to sleep that night, for she is more or less used to plane flights after commuting to and from college in Arizona.

While in Honolulu Joan and Jean stayed at the Punahon school, which happens to be the oldest private prep school west of the Mississippi. Joan attended the University of Hawaii during her seven weeks in Honolulu and, among other things, took a course in race and cultural contacts in Hawaii and another course in hula dancing.

While Jean made excursions to the other islands, Joan stayed on the main island. Highlights of Joan's stay in Honolulu would certainly include her trip through a sugar refinery, a pineapple plant, and, last but not least, a personal appearance on "Hawaii Calls."

Mr. and Mrs. Melvin Jacobus, back in Orinda, had their radio tuned to the station that evening and heard their daughter on the air!

Highway Patrol Checks on School Drivers, Buses

Rural school bus operators—among the safest drivers in the state, according to the California Highway Patrol—are not permitted to rest on their laurels. Before the autumn school term begins, approximately 5,500 of them will have been reexamined to make sure of their continued fitness for their jobs, the Highway Patrol announced.

The patrol conducts continual checks on the mechanical condition of the buses as well as the qualifications of the operators, it was said. All school buses must meet street safety standards. Drivers must pass a rigid physical examination, a written test and demonstrate their driving ability in a series of exhaustive trials.

Thousands of school children have been transported tens of thousands of miles without a fatal accident during the last 16 months, it was pointed out.

Agronomy Display Set for Sept. 8

Dr. Fred N. Briggs, chairman of the Agronomy Division of the College of Agriculture, has announced that the fourth annual Fall Field Day of the division will be held on September 8 on the Davis campus of the University of California. The experimental work under way on field corn, castor beans, sunflowers, range grasses and irrigated pastures will be demonstrated by various members of the division.

Farm Advisor Arthur Goff from the Contra Costa office of the Agricultural Extension Service will attend the field day. Those planning to attend may contact him at Cowell for more complete information and as to transportation arrangements.

Drive carefully—the life you save may be your own.

Straw Hat Revue Has New Numbers And Old Features

The Strawhatters are back in the revue form again with a rollicking, rapid-paced revue titled "You Asked For It," playing nightly (except Sunday) at the Lafayette Town Hall.

Their newest offering is a different "You Asked For It" than the

one which opened their season this year in Lafayette. Although basically the same show as before, the new version has many changes in the program.

OLD FAVORITES

Remaining in the show are such favorites as the "opera" "Il Triomfo Della Morte," "Jam Session," "Desert Passion" and "Let Me Demonstrate," while new favorites have been added to increase the pace and fun for this winter.

Among the new additions are "The Trial of Dolly Brine," David Fulmer's madcap rendition of "On The Road to Mandalay," the imitable Pinole Mixed Choral Society and that chatty, gossipy

sketch about women in a tearoom called "Social Situation."

ADDED GEMS

"You Asked For It" has all the best numbers from its earlier edition with added gems not seen for a long time in this area. The Strawhatters believe this new road show is one of the finest they have ever produced. Its engagement in Lafayette before going on the road is limited.

Reservations may be made by phoning Berkeley 7-6460 during the day or Lafayette 3506 evenings. Tickets are again available at agencies in Oakland, San Francisco, Walnut Creek and Lafayette.

Baths from a teakettle?

In the days of Saturday night baths in wooden tubs, a teakettle of hot water was no more than a feeble attempt to get bathing comfort. Yet many families today still put up with the inconvenience of too little hot water because their water heater is too small... A modern automatic Gas water heater, properly sized, supplies plenty of piping hot water for all your family's needs, all the time. Plenty for relaxing tub baths, for showers, hand washing, shaving, clothes washing, house cleaning and the countless other hot water demands in your home. No more waiting for water to heat, no more hot water taps running cold, when you install a properly sized automatic Gas water heater.

Adequate hot water is a necessity—not a luxury. Install a modern automatic Gas water heater.

CLEAN MODERN **GAS**

FOR HOT WATER APLenty

Visit your nearest appliance dealer today and let him show you how easily you can have year 'round satisfaction and comfort with a properly sized automatic Gas water heater.

Chipmunks Cavort At Blalock Home

Frolicking around with lightning speed at the home of A. D. Blalock, 24 El Verano, are three tiny orphaned chipmunks. They like their new home, and Blalock likes them — but it seems that they dash about so fast, it's difficult to give them names.

Blalock found the trio while he was driving about 40 miles above Jackson. A passing auto had run over their mother. The Blalocks "adopted" the mouse-sized animals. At first the chipmunks were fed milk from a doll's bottle but they are now becoming adjusted to a diet of solid foods.

The three chipmunks add their own color and liveliness to Blalock's collection of birds he has gathered in his travels to Guatemala and Yucatan.

CHRISTIAN SCIENCE CHURCH

"Christ Jesus" will be the subject of the Christian Science Lesson-Sermon to be read on Sunday, August 27, with the Golden Text taken from Jeremiah: "Behold, the days come, saith the Lord, that I will raise unto David a righteous Branch, and a King shall reign and prosper, and shall execute judgment and justice in the earth. . . . And this is his name whereby he shall be called, THE LORD OUR RIGHTEOUSNESS" (23:5, 6).

The sermon, comprised of citations from the Bible and from the Christian Science textbook "Science and Health with Key to the Scriptures" by Mary Baker Eddy, will include the following:

Luke: "And, behold, two of them went that same day to a village called Emmaus, which was from Jerusalem about threescore furlongs. And it came to pass, that, while they communed together and reasoned, Jesus himself drew near, and went with them. Then he said unto them, O fools, and slow of heart to believe all that the prophets have spoken: And beginning at Moses and all the prophets, he expounded unto them in all the scriptures the things concerning himself" (24:13, 15, 25, 27).

Science and Health: "In the walk Emmaus, Jesus was known to his friends by the words, which made their hearts burn within them, and by the breaking of bread. The divine Spirit, which identified Jesus thus centuries ago, has spoken through the inspired Word and will speak through it in every age and clime. It is revealed to the receptive heart, and is again seen casting out evil and healing the sick" (p. 46).

Cub Pack 52 Maps Program; Leaders To Meet Sept. 7

Plans for the new year of Orinda Cub Pack 52 are being formulated as registration days approach. Parents of boys from eight years of age up to 11 who are interested in joining the pack are asked to contact Harry Miner, 49 Park Lane Drive, or by telephoning Orinda 8409. Miner is membership chairman for Pack 52.

Cubbing is the organization for younger boys preliminary to their going on into the scouting program. The pack is divided into dens with an average membership of six boys who meet once a week with their den mother to follow a program of handicraft and other activities. Once a month, the entire pack holds a meeting at which special awards for achievements are presented and entertainment of some type is usually presented.

FIELD TRIPS
Besides the meeting work on projects, the boys take part in many field trips to places of interest.

A meeting of pack committee members and den mothers has been set for September 7, according to Bob Anthonisen, publicity chairman. This first joint session of the year will be held at the home of Cubmaster Otto Schrader on Orchard Road.

PLANNING PROGRAM
A special program is in the process of formative planning for the coming year, with the pack as a whole to take part in development of the theme, Anthonisen reported.

Den mothers named at the start of the 1950-51 year were: Den 2, Mrs. David Puddy; Den 3, Mrs. Robert Brown; Den 4, Mrs. Grant Shuey; Den 5, Mrs. Thomas Mika; Den 7, Mrs. Don White and Den 9, Mrs. W. F. Fletcher.

Slattery and Poodle Enjoyed Oswego Lake

Recently enjoying a three-week stay at Oswego Lake in Oregon were Dr. and Mrs. Paul Slattery of Overhill Road. Accompanying them were their daughter Kathie, their son Christopher, and last but by no means least, Charnis, their French poodle.

Drive carefully—the life you save may be your own.

EVERY ONE

LEGAL NOTICE

NOTICE OF CONSIDERATION OF APPLICATION FOR A LAND USE PERMIT BY THE CONTRA COSTA COUNTY PLANNING COMMISSION UNDER PROVISIONS OF ORDINANCE NO. 382

NOTICE IS HEREBY GIVEN that the Contra Costa County Planning Commission will give consideration to the application of W. W. Brown for a use permit.

Said application is to modify provisions of Section 4 Subdivision F Subsection 5 & 6 of the provisions of Ordinance 382 as hereafter set forth, namely: to have one foot side yard and one and one-half foot set back.

Property is located on the following maps which appear as Subsections 24 of Section 3 of Ordinance 382.

Brief description of property: Lot 416, Hacienda Del Orinda, Unit No. 4; said parcel fronts approximately 67 feet on northeast side of Camino Sobrante, approximately 143 feet southeast of Miner Road.

The time and place of said hearing will be in Room 210 Hall of Records, Martinez, California, Sept. 5, 1950, 7:30 p.m.

AID TO NEEDY KIDS

Nearly three times as many children in Contra Costa County were on the "aid to needy children" rolls during June, 1950, as there were in June, 1949, California Taxpayers' Association reported. In June, 1950, there were 5,163 children in the county on the rolls for this kind of aid, 182 per cent more than the 1,833 listed for June, 1949, according to the association.

LEGAL NOTICE

NOTICE OF INTENTION TO PURCHASE REAL PROPERTY BEFORE THE BOARD OF SUPERVISORS OF THE COUNTY OF CONTRA COSTA, STATE OF CALIFORNIA

In the Matter of the Purchase of Land in S. D. No. 2 for use by ORINDA COUNTY FIRE PROTECTION DISTRICT

NOTICE IS HEREBY GIVEN that the Board of Supervisors of the County of Contra Costa, State of California, has on the 7th day of August, 1950, in regular meeting declared its intention to purchase for the County of Contra Costa the following described property:

BEGINNING at the most Eastern corner of Lot 10, at a point on the Southwestern line of Moraga Highway, as the said Lot and Highway are shown on that certain map entitled, "Moraga Woodlands, Contra Costa County, California," etc., filed November 10, 1936, in Volume 22 of Maps, at pages 632, 633 and 634 Contra Costa County Records; thence running along said Southwestern line of Moraga Highway, South 61° 43' 30" East, 44.49 feet; thence leaving said Southwestern line North 28° 16' 30" East, 20 feet; thence North 61° 43' 30" West, 71.29 feet; to the **ACTUAL POINT OF COMMENCEMENT OF THIS DESCRIPTION**; thence from said **ACTUAL POINT OF COMMENCEMENT**, North 61° 43' 30" West, 298.59 feet; thence North 28° 16' 30" East, 105 feet; thence North-easterly and tangent to said last mentioned course along the arc of a circle to the left, with a radius of 200 feet, a distance of 39.56 feet; thence tangent to said mentioned circle, North 16° 56' 30" East, 154.63 feet; thence South 53° 45' East, 331.26 feet; thence South 27° 10' 13" West, 250 feet to the point of commencement.

CONTAINING 1.9 Acres, more or less, and **BEING** a portion of Lot 156, as the said Lot is delineated and so designated on that certain map entitled, "Map of Sectionization of a part of Rancho Laguna de Los Palos Colorados, Contra Costa County, California," filed August 8, 1916, in Book 15 of Maps, at page 308, Contra Costa County Records.

RESERVING AND EXCEPTING an easement for Road and Highway purposes together with the right to dedicate the same for public use over and along a strip of land 25 feet wide along the Northwestern boundary line of the above-described piece or parcel of land.

ALSO RESERVING AND EXCEPTING from the above-described piece or parcel of land all that portion of Moraga Highway lying within the boundaries thereof.

to be used as a Fire House site; That it is proposed to purchase said property from The Moraga Company, a corporation, for a price of \$2850.00; and Monday, the 11th day of September, 1950 at the hour of 10 o'clock A.M., in the Chambers of the Board of Supervisors in the Hall of Records, at Martinez, California, has been fixed as the time and place when the Board of Supervisors of Contra Costa County will meet to consummate said purchase.

W. T. PAASCH
County Clerk and ex-officio Clerk of the Board of Supervisors of the County of Contra Costa, State of California

Parker-Smith Betrothal Told

Engagement of Janice Parker to Douglas Randall Smith of Orinda was announced in a novel fashion at a shower given for bride-elect Joan Lawson this week.

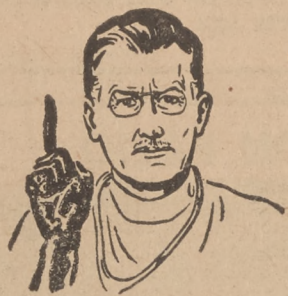

In one package opened by the honoree, who will wed Jack Tressler in October, a miniature bride and groom inscribed with the names "Randy" and "Jan" revealed the good news.

Janice is the daughter of Mr. and Mrs. George H. Parker of Oakland, at whose home the shower was held. A student at University of California for two and a half years, she was a member of Alpha Chi Omega sorority on the campus.

Randy is also a student at the University of California, where he and his bride-to-be first met. A major in business administration and Kappa Alpha fraternity member, the benedict-elect is a son of Mr. and Mrs. S. Douglas Smith of Miner Road.

The wedding plans have been set for shortly after Randy's graduation next February.

NEWLYWEDS ALL—Two nuptial ceremonies Sunday united (left) Barbara Ann Bush of Orinda and John Ballard Humphrey of Lodi and (right) Barbara Eleanor Franke of Upper Happy Valley Road and Robert Edward Boyle. The Bush-Humphrey wedding was in the garden of the bride's parents, Mr. and Mrs. Loren S. Bush, at 95 Camino Encinas. The Franke-Boyle rites were at St. Paul's Episcopal Church, Berkeley.

12-15 Card Party Tuesday-12:15

Members of the 12-15 Club and their friends will enjoy a luncheon and card party next Tuesday at the home of Mrs. George Hickok, at 12:15 o'clock. This promises to be not only another of the club's delightful social affairs, but also a successful project for raising of funds for their many fall philanthropies.

The committee in charge of the affair consists of Mesdames B. B. Seim, E. H. Fisher, Warren Harold, A. Pasteris, Kenneth Anderson, Charles Chappell, James Sullivan and George Hickok. Anyone desiring to take a table for this party may phone Mrs. Hickok, Orinda 5041.

Van Sicklens Expect New Member of Family

The James Van Sicklens of 108 Overhill Road are expecting a nursery addition and a new playmate for Susie, their 2½-year old daughter, sometime within the next month.

DeWitts Redecorating

Don't be surprised if you see furniture all over the Clinton DeWitt's patio on La Cuesta in Orinda. Also, you'll probably find their three sons climbing all over it. You see, the DeWitts are redecorating and adding an another room.

Week in Los Angeles—And a Bob Hope Thrill

Mr. and Mrs. George A. Richard of Monte Vista Road returned last Friday from a week's vacation in Los Angeles. Nancy's girl friend, Lorraine Durante, was with them on the trip. The group stayed at the Ambassador and toured Paramount studios, but the thrill for the girls was when Bob Hope squeezed their hands.

Drive carefully—the life you save may be your own.

WOMEN

Barbara Bush, John Humphrey Wed in Garden

The beautiful garden of the home of Mr. and Mrs. Loren S. Bush, 95 Camino Encinas, was the scene, last Sunday, of the wedding of their daughter, Barbara Ann to John Ballard Humphrey of Lodi. Officiating in the ceremony was the Rev. Fred Morrow of Orinda Community Church. The guests were the immediate members only of the two families.

It was a lovely sunny afternoon when at two o'clock the nuptial couple stood under a great oak tree in the patio facing the steps leading up to the broad lawns. A gentle breeze rustled the leaves overhead and swayed the bright flowers in the garden borders. The two attendants were Humphrey's brother and sister-in-law, Earl and Jean Humphrey.

The bride wore an all-over embroidered white organdy gown of ballerina length, low-necked and with cap sleeves. Her Juliette cap and short veil were pink, as was also the soft crushed satin belt. This delicate pink was very becoming to her blonde beauty. She carried a white prayer book with a white orchid upon it with white streamers of fragrant bouvardia.

The bride's attendant wore a white organdy gown over a lavender taffeta slip.

WEDDING CAKES CUT
Following the wedding ceremony the traditional wedding cakes were cut and served, and champagne drunk to the health, happiness and prosperity of the couple.

Barbara Ann is 18. She attended Anna Head's and later graduated from Acalanes High School. Her husband is 23 years old. He served 22 months in the last war and attended the Junior College in Stockton. He has interests in vineyards in Lodi, and that is where the bridal couple will live after a honeymoon at Carmel and Santa Barbara.

At Children's Hospital

David Rapport, 3, underwent a tonsillectomy at Children's Hospital of the Eastbay on Monday. Dr. C. L. Feiler was attending physician.

Shirley Joins Family

Returning from a business trip by plane to Fort Wayne recently, Frank Shirey joined his family for a vacation trip to Yosemite Valley.

Rosemary Scott Changes Name To Mrs. Williams

Gowned in ivory satin, her small bonnet of matching fabric edged with seed pearls holding her fingertip veil in place, Rosemary Scott became the bride of Robert Franklin Williams at Piedmont Community Church a recent weekend. A wedding bouquet of white orchids with stephanotis completed her costume.

The bride elect was escorted to the altar by her father, Samuel Walter Scott of Orinda. Le Roi B. Gardner of Berkeley, bishop of the Latter Day Saints Church, officiated at the afternoon ceremony.

BRIDESMAIDS

Marjorie Alston, Mrs. Raymond Southwick, Ruth Joy Stone and Mrs. Jack McEwan were bridesmaids, with June Nielson serving as maid of honor and Mrs. Walter Scott, sister-in-law of the bride, as matron of honor. Cornflower blue marquisette fashioned their frocks, accented by their arm bouquets of American Beauty roses.

A floor length golden toned French Chantilly lace gown over taffeta and an accenting hair decoration of green cymbidium orchids was chosen by Mrs. Scott for her daughter's wedding.

Tawny colored cymbidium orchids were worn by Mrs. George P. Williams, the groom's mother, to accent her aqua Alencon lace gown and matching hat.

BEST MAN

George P. Williams Jr., served his brother as best man, with Walter Scott, Lloyd Lundstrom, Jack Baldwin, Howard Allen and George Peterson ushering.

After a reception at the Lido Deck of the Claremont Hotel, the newlyweds left for Santa Barbara. They plan to return to the Bay Area to live the first of the month.

Delta Zeta to Gather Sunday

Welcoming into the alumnae ranks those Delta Zeta sorority members who had graduated this year from the University of California will be the highlight of a cocktail gathering from 4 to 6 Sunday afternoon at the Sleepy Hollow home of Mr. and Mrs. Joseph Downs.

Invited to the gathering are members of the Beta Chapter (the young matrons' group), classes of 1940-48, and their escorts, and the members of the Theta group, classes 1948-50 and their escorts.

Among residents of this area who are invited are Mr. and Mrs. Dwight Chapman, Mr. and Mrs. William Wilson and Mr. and Mrs. W. Hoskin, all of Orinda, and Mr. and Mrs. Fred Kelleway and Mr. and Mrs. Richard Kroninger of Walnut Creek.

Mrs. Chapman is past president of the building board, Mrs. Wilson is active in the Pan-Hellenic office and Mrs. Kelleway is province director of the sorority.

Your Garden

It Takes More Than Grass to Make a Good Lawn—Here's What You Can Do

By BERT WRIGHT

Perhaps you have just moved into a new home and must make a new lawn. Or, you may have a well established lawn, but one that has gone through a hard, hot summer. No matter what your lawn problem, fall is the finest season to take care of it!

If you feel it is wisest to make a new lawn, rather than try to condition it, follow these simple steps:

1.—**SPADE DEEPLY.** Lawn making starts with the preparation of the soil. Spade to a depth of at least six inches and pulverize thoroughly.

2.—Apply complete plant food at the rate of four pounds per 100 square feet of lawn area. This assures an ample supply of all the nutrient elements needed by plants for best growth, available when

they need them. Be sure to apply evenly.

3.—**WORK INTO SOIL.** Work the complete plant food into the soil with a rake. Wait one day before seeding.

4.—Seed with good grass seed at the rate of four to five pounds per 1,000 square feet. If you sow by hand, sow half lengthwise and half crosswise.

5.—**ROLL THE LAWN** to imbed seed and insure perfect contact between seed and soil. A tamper or wide board can be used on small areas when roller is not available. This is a very important step and should not be omitted.

6.—Water thoroughly with a fine spray. Continue to water daily until seed germination is complete—three to four weeks—then water as needed, but thoroughly. Light sprinkling encourages shallow roots.

Following these steps will enable your grass to develop a strong root system before winter comes—the kind of root system that means a thick, velvety turf next year.

FOR REVITALIZING an established lawn start by spraying the entire lawn area with improved selective lawn weed killer such as available at nurseries. When weeds begin to die, apply complete plant food at the rate of four pounds per 100 square feet of area, knocking the plant food off the blades of grass with the back of your rake. Soak down thoroughly.

A day or two later loosen the soil on thin areas with your rake and reseed them with good grass seed. Roll or tamp the newly seeded areas to make certain the seed is in firm contact with the soil.

EASY DOES IT

Take it easy and take it safely when you drive, advises the California State Automobile Association. That means easy on the starts, easy on the gas accelerator when you are under way, and easy on the stops.

Diamond K
Sez...

LIKE YOU, and others, Diamond K Sez has been on a well deserved vacation and starting today is back to serve you with more helpful hints for garden and home.

Now is the time to start watching the stalks of your gladiolus for drying. If the stalks have dried up or died back, you may safely dig them up for next year. If any green is noticed in the stalks or leaves, the plants are still building up food for next year's flowers. Be sure to let them remain in the ground until they are dry and brown.

WITH THE FOG ROLLING in these evenings, mildew time is here. Roses, delphiniums and later dahlias should be watched carefully. Diamond K recommends you stop in and get a bottle of Ortho Rix as a protection against mildew as well as other fungi. Used in conjunction with Isotox, at regular intervals, this will give you almost 100 per cent protection against fungus and insects. By the way, have you had an opportunity to see the revolutionary new "Stampco" oscillating-type lawn sprinkler in action. If not, Diamond K invites you to stop by and see it in action in the glass case in the store.

With normal water pressure, this sprinkler has a maximum range of from 40 to 50 feet square. By reducing the water pressure the range can be reduced to approximately 10 feet square. Because it is mechanically operated, the Stampco Sprinkler covers both large and small areas with an even distribution of water.

IN KEEPING with our policy of having the most complete line of garden tools in the valley, Diamond K wishes to announce the addition of the new "Baker-Tool Mart" which is a small but complete line of home and work shop tools.

All the tools are of finest quality and fully warranted. This is another step forward in our attempt to consolidate your shopping problems through complete service. See you next week.

Here's Yum-Yum Wiener Roasting

Eating outdoors these summer days? Food cooked out in the open air tastes better whether cooked in an outdoor fireplace, a portable or improvised barbecue.

Home Advisor Mary Ryon Lerche suggests wieners. Here's the way to prepare them: Split the wieners lengthwise and put a slice of American cheese inside. Then wrap bacon slices around the wiener fastening the bacon slice with a toothpick.

Roast over the outdoor fire, place in a wiener bun.

Horse Endurance Contest Is Set

Labor Day weekend, September 2, 3 and 4, will be a gala occasion for Concord and the Mt. Diablo Trail Ride as it marks the tenth annual Trail Horse endurance competition which has attracted nationwide attention to Contra Costa County as the home of fine horses and enthusiastic supporters of equine events.

The highest scoring horse will receive the Sweepstake, presented by Supervisor Ray S. Taylor.

LIGHT ON DRIVING SKILL

Accident records still fail to demonstrate that men are better drivers than women, declares the National Automobile Club. They do show, however, that the two have different types of accidents; the women more minor mishaps, proportionately, and the men the more serious ones.

Drive carefully—the life you save may be your own.

Thousands View Press Display at Centennial Fete

Drawing an average attendance of 7,000 each day, the Centennial Exposition of California Journalism, which combines with the Library of Congress California Exhibit and an Exhibit of Historical Art of California to make the San Diego-California Centennial Celebration, was forced to stop one of its special events showings, a square dance, because of safety regulations, when a recent Sunday crowd, which totaled over 12,300, tried to jam into the Little Theater in the Electric Building in Balboa Park.

Officially opened by Governor Earl Warren; Joseph R. Knowland, chairman of the California Centennials Commission, and Larry Freeman, president of California Newspaper Publishers Association (co-sponsors of the Journalism Exposition), the San Diego celebration presents the greatest collection of historic newspapers ever assembled in the state or in the world.

It also features an Old-Fashioned Print Shop, actually operating with types 80 to 100 years old which were hand carved out of ivory, linoleum, wood and even horsehide; a modern newspaper plant with the latest equipment; the nation's top winners in press photography; a display of the old-and-new comics, a "wax museum" village of early California and a library in which visitors can read their home town papers from anywhere in California. The SUN is on display in this exhibit.

HOOKSTON ROAD

Improvement of Hookston Road in the Pleasant Hill area, at an estimated cost of \$3,000, has been ordered by the Board of Supervisors. This improvement is to include a layer of compacted rock as a base, followed by a seal coating.

Hookston Road leads into the new Fair Oaks subdivision southeast of the Monument on Highway 21, between Walnut Creek and Martinez.

Centennial Stamp Sale Is Scheduled

California's new centennial stamp, special issue commemorating the admission of this state to the union a century ago, will be available in Lafayette and Orinda the day following the opening of the sale on September 9 at the California State Fair, Sacramento post office, and branch stations.

On the order of the postmaster general, the stamp will be sold at the branch postoffice located underneath the south end of the grandstand at the Fairgrounds September 9 (Admission Day), where the

thousands of visitors may purchase any number they desire.

The stamp is now being designed at Washington and will be rushed to the west coast as soon as it is printed, in plenty of time for its sale Admission Day.

SEWER LINE

The completed sewer line from the new Juvenile Hall to a connection with the main trunk line of the Central Contra Costa Sanitary District in Pacheco has been accepted by the Board of Supervisors.

Vine Hill Dump Dispute Ruling Set for Monday

Whether garbage collectors in this part of the county, including Lafayette and Orinda operators, can continue to use the Vine Hill garbage dump which they have been using the past couple of years will come up again before the Board of Supervisors Monday.

Decision on licensing of the Vine Hill dump at the end of Arthur Road was on the agenda of last Monday's board meeting, but action was deferred for a week to allow further negotiations between the collectors and Dan Gardner and Boyd Olney, Jr., holders of a permit for a new dump on Port Chicago Highway, between Martinez and Avon.

LOCAL FIRMS

Local firms involved in the situation are Lafayette Disposal, owned by Arthur Di Grazia and Louis Repetto, and Orinda Garbage and Refuse Disposal Service, owned by Joe Navone.

Vine Hill residents have opposed issuance of a permit for the Vine Hill dump. However, testimony by State and County Health Department officials that the dump now meets all requirements caused Superior Judge Harold Jacoby last week to deny the county's writ of mandamus seeking closing of the Vine Hill dump as a public nuisance.

UP TO THE DRIVER

California's modern highways are engineered for safety but the National Automobile Club reports that safe driving remains the responsibility of the individual motorist.

What Lafayette People are Doing...

Camping Is Fun: Rain, Heat Wave

Charlotte Lescure and her three boys, Norman, Keith and Peter, have returned from a two weeks' camping vacation at Pinecrest.

Mrs. Lescure said that camping is fun and gay, especially if the first week is rainy and the last week is a heat wave.

Marcel Lescure, who had managed a couple of weekend visits but claims a home vacation, was glad to have the family back. Not that he had a chance to get caught up on odds and ends while Charlotte was gone—rather, a vacation from having to catch up on anything (you know, fix drippy faucet, fix leaky toilet, tighten screen door hinge, etc.).

A Month in N.W.—Including Mumps

Mr. and Mrs. William Fry of 1191 Pleasant Hill Circle and their two sons, Randolph, 7, and Jay, 3, returned home after a month in Tacoma, where they visited Mrs. Fry's parents, Mr. and Mrs. C. A. Parneau.

Five days after their arrival in Tacoma, Fry became ill with mumps. He was "laid up" about eight days. In the time left available to them after his recovery, the Frys visited the Olympic Peninsula and Seattle and became better acquainted with Tacoma.

The Frys made their motor trip to the Northwest in the company of Fry's parents, Mr. and Mrs. J. Lindsey Fry of Oroville. When the group returned, Mrs. Parneau came along, and spent two weeks with the William Frys here.

Leland Scotts Catch Golden, Other Trout

Have you ever caught one of those rare golden trout? Well, the Leland Scotts of Happy Valley have. They caught some of them plus many other trout during their recent five-day pack trip into Vogel Sang High Sierra Camp near Tuolumne Meadows.

Dr. Taylor Has Party To Honor His Daughter

A cocktail party was given at the home of Dr. Fletcher Taylor in honor of his daughter, Mrs. Alfred Cleveland, who has recently returned from a year-and-a-half stay in Washington, D. C.

Marshall, Jim Return From Long View Job

Marshall Freeman, son of the William Freemans of Lafayette, and Jim Jacobus, son of the Melvin Jacobuses of Orinda, have both just returned from an eight-week job in Long View, Washington. The boys were working for a logging outfit.

Home of Hamlins Now About Half Completed

Lafayette Woodlands is the new homesite-to-be for the Oliver Hamlin, Jr. The roof and siding went on last week and bring the building of their new house to about the half-way mark.

Golf Enthusiast

Many times this summer, Mrs. Bruce Hayes of Happy Valley has been seen playing golf at the Claremont Country Club in Oakland.

Patronize Hometown Merchants.

NANCY MARTHA CHANTLER (above), daughter of Mr. and Mrs. C. B. Chantler of 64 Davis Road, will be married September 23 to Altan V. Fullaway of Portland, her classmate at Oregon State College. The ceremony will take place at the First Congregational Church, Berkeley.

JC Basketball Team to Make Its Debut

Contra Costa Junior College will field a brand new basketball team, coach, color and yell when the East Campus battles for honors in the Coast Conference junior college league this fall.

Karl Drexel, assistant dean in charge of student activities, heads up the new athletic program, which will also include baseball and track later in the semester.

POWERFUL SQUAD

Boasting many fine players, the East Campus team will enter a small but powerful squad against the other schools of the conference, Drexel predicts. Such top-notch scorers as Evans Croad, sharp-shooting forward, and Guido Poppi,

both former stars at Alhambra High in Martinez, will form the nucleus of a team high in morale and determination.

Coast Conference members include Hartnell, Marin, Menlo, Modesto, Monterey, Santa Rosa, Stockton and Contra Costa East Campus colleges.

SCHEDULE

East Campus schedule: December 12, Stockton (at Stockton); 16, West Campus—(practice at West Campus); January 2-6, Annual Basketball Tournament (at Modesto); 10, Monterey (at Monterey); 13, Santa Rosa (home); 20, Menlo (home); 27, West Campus—(practice at home); 31, Marin (home); February 3, Hartnell (at Hartnell); 7, Monterey (home); 10, Hartnell (home); 17, Stockton (home); 21, Marin (at Marin); 24, Santa Rosa (at Santa Rosa); 28, Menlo (at Menlo); March 7-10, National District Tournament.

GIVEAWAYS

New Line, Almost-New Backfield Will Make Up Acalanes Eleven This Season

By COACH ERWIN MATTSON

LAST WEEK I said that I would give a brief review each week of one of the teams in the Contra Costa County High School League.

The teams will be reviewed in alphabetical order, and it was a close race for the first team, with Acalanes, Alhambra and Antioch all falling in the A category.

Several teams start practice next week, as they have their first game scheduled for September 15. The Dons are slated for their initial showing with El Cerrito on September 22 and consequently start practice a week later.

PHYSICAL EXAMINATION started last Wednesday when Dr. Clifford Feller put some 30 candidates through their paces and fortunately all passed with flying colors.

More physicals will be given at the High School next Wednesday morning from 9 to 11:30.

THE DONS' VARSITY was hit heavily by graduation and much rebuilding is necessary to field a representative eleven.

Biggest job lies with line coach Bob Stevens, who has his work cut out.

THE LINE will have to be built from last year's Junior Varsity, while Harry Nielsen is the sole returning regular in the backfield.

The one bright spot is that the Junior Varsity copped the mythical pennant last fall, and with a year's growth and maturity may develop into a better eleven than most expect.

Determination and hard work can make up for a lot of things. It remains to be seen how far the players have come and how well they will fare in the tough league competition, let alone a practice schedule that finds them meeting El Cerrito, Albany and Fremont on successive Fridays.

Fans will get a good preview before league play inasmuch as all practice tilts are slated for the Acalanes Memorial Field.

AT THIS POINT it would be practically impossible to name a first eleven. Most positions appear to be wide open and only practice and game experience will tell who takes the field for the opening kickoff.

SOMETIMES PLAYERS who appear "in" on paper fail to develop as expected or lack the proper mental approach.

Others seem to come from nowhere and develop into outstanding players.

Don Gridders Report This Wed.

All boys planning to go out for football at Acalanes High School should report for physical examinations next Wednesday, August 30, at the high school gym between 9:30 a.m. and 11:30 a.m.

This includes freshmen and transfers. Practice starts September 1 at 10:30 a.m.

THE LINE is wide open with a host of candidates. They are listed in no particular order:

Bob Borghesani (190), Gary De Anglis (150), Jerry Price (160), H. McFarlane (210), Bob Wallis (165), Jack King (150), Bob White (180), Jerry Henderson (170), Renville Hawkins (200), Jerry Greenlaw (190), John Bowron (180), Richard Ting (185), John Daniels (165), Darrel Crossman (155), Bob Stewart (175).

THERE ARE MANY others yet to take physicals and a complete squad roster will be available once practice gets under way on September 1.

Freshmen are urged to report for physicals, as well as any transfer students, next Wednesday.

PRACTICE is being held prior to school in order to get in the required three weeks' practice prior to the opener.

Benefit Revue Ends Tomorrow

After its initial performance last night, the presentation of "Meet Your People" for the benefit of Mt. Diablo Child Therapy Center continues tonight and tomorrow night at 8:30, at Acalanes High School auditorium.

Donald Rasmussen, vice-president of the board of directors of the Child Therapy Center, acts as master of ceremonies.

"Meet Your People" has a cast of over 50 from the various communities in this area.

Satire is the theme. An array of amateur talent has been gathered for the production, and nearly every member of the cast is seen in a role uncommon to his or her nature. Circumspect ladies are called upon to perform in a manner that raises your eyebrows. But it's all for the purpose of making "interesting theater."

"Meet Your People" was produced in Danville the early part of July and it is because of its success there that it is being reproduced at Acalanes. However, the cast is practically entirely new, with many new additions of acts and personalities.

Tickets can be obtained at the box office. Henry K. Dunn produced and directed the show. J. Don More is his assistant and David Holstrom, attorney, is treasurer.

Country Club Fete Tomorrow

Orinda Country Club will be transformed into an island paradise tomorrow night, with music, setting, food and costumed revelers to enhance the theme.

Planned as a grand finale to the benefit performance of "South Pacific" give nearer in the afternoon in San Francisco by the Children's Hospital of the East Bay, members who attended this production plan to return to the country club for the festive event.

Features of the affair will be an outdoor barbecue, steak dinner, swimming, dancing and entertainment. Dinner will be served from 6 to 10 p. m.

AWARDS

Members and guests are to wear costumes, with awards to be presented to the best garbed couples.

Tables set up at the pool side and in the transformed court will enable the revelers to view the

Frank Olsen, M. F. Withoff, Geo. flower leis flown from Hawaii for the occasion will augment the tropical theme. A floating island with a sparkling waterfall in the background will be the setting for the South Sea Island musicians who will play music to fit the theme. Special music for dancing, direct from the S. S. Lurline, will be another feature.

MADE RESERVATIONS

Included in the scores of names of those who have already made reservations for the evening are those of: Messrs. and Mesdames William Kilgo, H. W. Gentry, H. B. Oliphant, Frederick Federighi, W. H. Jamison, James North, W. S. Smith, C. E. Root Wilbur F. Warner, J. P. French, W. E. Vaughn, J. W. Herron, Thomas, Beach Dean, Jr., R. C. Hoyt, Jr., Kenneth E. Sleeper, George Bennett, John Googins, J. C. Hopkins, Roy Adams, Alan Bonington, Walter Eggert E. V. Flood, J. D. White.

Les Hart, D. C. Dullum, R. H. Boleman, R. S. Hopkins Sterling Fishbeck, Jr., James North, Dr. Roger A. Stark and Dr. Robert W. Case.

Kirk Miles Family Return From Vacation

Mr. and Mrs. Kirk Miles and their two sons, Tommy and Dickey, returned last week from a week's vacation at Fallen Leaf, near Tahoe. Fishing and a hike to Angora Lake were features of the stay. As to the fishing—eight-year-old Tommy caught 10 fish and seven-year-old Dickey caught six or seven, but all the fish were so small that the boys tossed them back in the water.

ARCH B. DAVISON

Orinda Rotarians Plan Welcome to District Leader

The Rotary Club of Orinda will be host next Wednesday to Arch B. Davison, governor of the 157th District of Rotary International, who is making his annual official visit to each of the 42 Rotary Clubs in Northern California. He will confer with President Frank Olsen, Secretary Vic Beauchamp and other local Rotary officers on club administration and Rotary service activities.

Davison is a member of the Rotary Club of Colusa. He is one of the 201 Rotary district governors who are supervising the activities of some 7,100 Rotary Clubs which have a membership of 342,000 business and professional executives in 83 countries and geographical regions throughout the world.

Board Turns Down Plea to Abandon Tunnel Rd. Strip

Petition of Frank J. Laher and J. A. Fazio of Orinda asking the county to abandon a 1,200-foot strip of the old Tunnel Road near Lafayette was rejected Monday by the Board of Supervisors.

Representing the petitioners was Attorney Fred B. Mellman of Oakland, who stated that the strip known as Pine Lane between the Grant D. Miller filter plant and Musser Road belongs to his clients and who had threatened legal action to have four large utilities declared "trespassers" if the county did not abandon it.

The utilities, all of whom protested the Laher-Fazio move, are East Bay Municipal Utility District, Central Contra Costa Sanitary District, Pacific Gas and Electric Company and Coast Counties Gas and Electric Company.

Motion to deny the petition was made by Supervisor Jack Cummings and seconded by Supervisor Ray S. Taylor. It was passed unanimously.

Friberg Opens Village Office

Walt Friberg this week announced opening of his new office in Orinda Village, to be known as Contra Costa Realty. "We are prepared to serve your realty needs, together with a general line of insurance," he said.

George A. Richard, for many years with Richacres Investments in San Francisco, is to be associated with Friberg and will handle small loans, mortgages and investments.

Friberg, a Lion officer and a member of the Orinda Masonic lodge, was connected with Bridwell's in Orinda for six years. He lives on Via Floreado with Mrs. Friberg. Mr. and Mrs. Richard and their 12-year-old daughter, Nancy, a student at Orinda Grammar School, live at their Rich Acres home on Monte Vista Road, which has been their residence for seven years.

Luncheon Honors Mrs. John Dorr

Mrs. Lance Barden entertained with a luncheon and card party August 11, in honor of Mrs. John Dorr, a group that had been playing cards together during the year.

Mrs. Dorr and her family moved to Salem, Oregon, last week.

Those enjoying the very pleasant affair were Mesdames Brad Barber, A. Keene Pettengill, Victor Richit, Andy Blalock, U. B. Smith, Mason Gray, Ben Randall, Henry Harris, Ida Zamloch, A. C. Buxton and the hostess and honoree.

Burglars Steal \$35 at Got Rocks

Jimmying open the cash drawer, burglars took about \$35 in change from Got Rocks Gordon's office on Mt. Diablo Boulevard Sunday night, considerably left the postage stamps behind and dumped contents of desk drawers on desks.

Another burglary Sunday night—but not reported to the sheriff's office by Thursday, according to Inspector Norman Wilson—was that of two bottles of liquor from the smashed-through window of the Super Saver Market.

Head-On Crash, Then Sentence

Sentenced by Judge Clifford Thomson last week in Walnut Creek to 30 days in the county jail or a \$150 fine for drunken driving was Arthur Lentz, 63, custodian at St. Mary's College, according to the California Highway Patrol.

While driving south on Moraga Road early on August 13, Lentz collided head-on with a north-bound car driven by Donald Campbell Smith, 16, of Lafayette, at the intersection of Moraga Boulevard.

Dressen Tells Lions About Oaks

Charlie Dressen, coach of the Oaks baseball team, spoke before a record membership attendance of Orinda Lions Wednesday night. Introduced by Program Chairman Lion Tommy Snow, Dressen, a new resident of Orinda, told service club members how the Oaks had reached their number one position in the coast league and why they are going to stay there.

Lions were enthusiastic about the talk given by the Oaks' official, with a standing ovation given in appreciation of his attendance at the session.

During the meeting, George Curnley of Orinda Roost was inducted into the membership by Lon George Hartzell, Sr., past president of the club and past zone chairman of District 4-B.

Producers of forestry, cotton and wool products will compete for \$1,246 in premium awards during the California State Fair, August 31 through September 10.

Here and There in Orinda

STORK ..CLUB..

Mr. and Mrs. Richard Karshner, the former Joan Selby of Orinda, announce the birth of a daughter August 6 at Alta Bates Hospital. The new baby is named Selby Karshner.

Mrs. King Ciasno of Lafayette gave a shower July 21, at which school friends of Joan's honored her. Mrs. Roger Stark had a shower on July 28, attended by Joan's many Orinda friends. They will all be happy to hear of the new arrival.

Seroy and MacGregor Join Orinda Rotary

Wayne Seroy and Leighton MacGregor entered the Rotary ranks with their induction into the Orinda service club at a recent luncheon session.

Betrothal Told at Wedding Reception

One of the highlights of the Hotel Claremont reception following the recent wedding of Nancy Joyce Morgan to E. Roy Raphael of Orinda was announcement of Joyce Hamilton's approaching marriage to Nathan Evan Bower. The affianced couple plan a September 15 date for their vow exchange at St. Clement's Episcopal Church, Berkeley.

Creighton Family Visits in East

Mr. and Mrs. Joseph R. Creighton and three youngsters of Moraga Via flew East three weeks ago to visit Mr. Creighton's parents in northern Michigan and then to spend some time with Mrs. Creighton's parents in New Jersey.

Creighton returned to the West Coast by plane August 13, but his family has remained in the East, planning to remain until school opens next month.

Alpha Phi Picnic Next Wednesday At Barrows Ranch

A swimming party and picnic will be features of the informal get-together of Alpha Phi Alumnae of the Bay Area next Wednesday. The affair will be held on the 30-acre ranch of General David Prescott Barrows on Palomares Road. The Alpha Phi members have been invited to bring their youngsters to the outing for their share of sun bathing and swimming. Guests are to provide their picnic lunches, with coffee to be served by the hostesses.

Co-hostesses for the event will be: Mrs. Frank Adams (Betty Barrows), Mrs. Thomas Barrows (Jane Stow), and Mrs. Marshall McMillan (Nancy Adams).

Tea Given by Mrs. John Dorr

Mrs. John Dorr entertained a few Guild friends August 12 at tea. The new wing of her lovely home had just been completed and received many compliments.

Those attending the tea were Mesdames A. D. Blalock, A. Catherrall, A. M. Arighi, A. C. Buxton, H. Harris, A. C. Ramsey, D. M. Anderson, M. W. Loveland and R. Usinger.

Mr. and Mrs. Dorr have since left for Salem, Oregon, where Mr. Dorr has been transferred.

Demeters Celebrate Wedding Anniversary

The Paul Demeters, who bought Dr. William Channell's house at 51 Orchard Drive, celebrated their wedding anniversary recently by entertaining at a dinner party. Among those present were the Robert Rafcofs and the Emory Davises.

The Boies, Mrs. Back From Canada

Mr. and Mrs. Wilbur Judson Boies, Jr. (Jean Ann Lilja) returned last weekend from their honeymoon trip to Canada which followed their marriage earlier in the month. More than 300 friends and relatives of the bride and groom were present at St. Clement's Episcopal Church in Berkeley when the wedding was solemnized.

Milton Bland Lilja, father of the bride, escorted her to the altar. Her gown was of white eyelet embroidered organza over taffeta, the bodice snug-fitting and the full skirt ending in a train. The bonnet to which her veil was attached was trimmed in orange blossoms and her ensemble was completed with the bridal bouquet of white stephanotis and begonias.

The bridal attendants' gowns were white organza, Jackie Le Moine, the maid of honor, wearing an underskirt of yellow taffeta and carrying salmon pink begonias, while the bridesmaids, who included Marian Lilja, sister of the bride, Eve Rentsch, Gerri Guillory and Joan Clark, wore ice green taffeta under their white frocks and carried colonial bouquets of yellow begonias. Barbara Brush, Jud's niece wore pink dotted swiss in her role as flower girl.

Ronald Boies attended his brother as best man, and ushers serving were Wayne Clark, Edward Cooper, Myron Probert and Kenny Mayer.

At the wedding and at the reception which followed at the family home on Van Ripper Lane Mrs. Lilja wore an almond green embroidered gown. The groom's mother, Mrs. W. J. Boies of Orinda, donned peacock blue changeable taffeta for her son's wedding.

Temporarily, the couple plan to make their home in San Luis Obispo, where Jud is a senior at California Polytechnic Institute.

The Millars Are Back From Echo Lake Cabin

The Willard Millars of 2 Las Cascades Road have just returned from a three-weeks' stay at their cabin at Echo Lake. Visiting them there part of the time were the Clinton DeWitts, also of Orinda.

LEGAL NOTICE

NOTICE OF HEARING RESOLUTION TO ABANDON PORTION OF BROOKWOOD ROAD AND SPRING ROAD, OAK SPRINGS SUBDIVISION

Before the Board of Supervisors of the County of Contra Costa, State of California.

In the Matter of Abandonment of portion of Brookwood Road and Spring Road, Oak Springs Subdivision.

Pursuant to a resolution of the Board of Supervisors of the County of Contra Costa, passed by the said Board on the 14th day of August, 1950, which resolution declared that it is the intention of the Board of Supervisors to abandon a portion of county roads hereinafter particularly described, a public hearing upon said resolution of intention to abandon said portion of county roads has been set for Monday, the 11th day of September, 1950, at 10 o'clock, a.m. in the Chambers of the Board of Supervisors in the Hall of Records in the City of Martinez, County of Contra Costa, State of California, at which time and place any and all objections to the abandonment of said county roads will be heard and considered.

The following is a description of the portion of county roads herein-after referred to, which is proposed by the Board of Supervisors to be abandoned as county roads:

Real property situated in the County of Contra Costa, State of California, described as follows:

All that portion of Brookwood Road and Spring Road lying westerly of the line dividing Lots 3 and 4 of Unit No. 4, Oak Springs Subdivision, produced, northerly across said roads.

By order of the Board of Supervisors of the County of Contra Costa, State of California.

Dated: Martinez, California, August 14, 1950.

W. T. PAASCH
Clerk of the Board of Supervisors of the County of Contra Costa, State of California
By M. A. SMITH
Deputy Clerk.
